

## **Math Upper Cluster Summer Work**

### **6th grade**

Students should know how to add, subtract, multiply and divide with whole numbers, fractions and decimals without a calculator. Please brush up on these skills over the summer.

### **7th and 8th grade**

Students should know how to add, subtract, multiply and divide with positive and negative whole numbers, fractions and decimals without a calculator. They should be able to solve up to two step equations. Please brush up on these skills over the summer.
